## **Foreword**

All praise is due to Allah Subhanahu Wa ta'ala for His guidance, this Curriculum Book for the Master of Notary program at the Graduate School of YARSI University (MKn UY) can be completed. This book serves as a curriculum guide for students of the 2021 batch and above. For each batch, MKn UY always publishes a curriculum book that has been adjusted to the latest developments. This Curriculum Book is very important for students because during their education at MKn UY, they will always need information about various matters, especially about the applicable curriculum and matters related to lectures. Students are expected to read and study this Curriculum Book well so that everything related to lectures at the MKn campus can be understood correctly. This book explains the 2018 and 2021 curricula, how the education and teaching process is conducted, the course structure, and learning evaluation. Students are expected to carefully examine this information so that they can plan and follow the learning process well. Thank you to the Curriculum Book Preparation Team who have worked hard to complete this book. Hopefully, this book can be utilized as best as possible by students, lecturers, study programs, and MKn management.

## Background

The Higher Education Curriculum is developed by each Higher Education Institution referring to the National Higher Education Standards (SNPT) for each Study Program which includes the development of intellectual intelligence, noble character, and skills (Law No. 12 of 2012 on Higher Education Article 35 paragraph 1).

The National Standards (SN) of DIKTI as regulated in Permenristekdikti No.44 of 2015 for National Education Standards include: (1) Graduate Competency Standards; (2) Learning Content Standards; (3) Learning Process Standards; (4) Learning Assessment Standards; (5) Lecturer and Educational Staff Standards; (6) Learning Facilities and Infrastructure Standards; (7) Learning Management Standards; (8) Learning Financing Standards.

The Indonesian National Qualification Framework, hereinafter referred to as KKNI, is a competency qualification framework that can align, include, and integrate between the education sector and the work training sector as well as work experience in the context of recognizing work competencies in accordance with the job structure in various sectors. KKNI is regulated in Presidential Regulation No. 8 of 2012 on KKNI.

KKNI is a manifestation of the quality and identity of the Indonesian Nation related to the national education and training system owned by Indonesia. KKNI consists of 9 (nine) qualification levels, starting from qualification 1 as the lowest qualification and qualification 9 as the highest qualification.

The qualification level is the level of learning achievement agreed upon nationally, compiled based on the results of education and/or training obtained through formal, non-formal, informal education, or work experience. The KKNI description for postgraduate programs falls into level 8 and level 9 (Doctorate/S3). The Master of Notary program falls into level 8 with the following description:

Able to develop knowledge, technology, and/or art in their field of expertise or professional practice through research, resulting in innovative and tested work;

Able to solve scientific, technological, and/or artistic problems in their field of expertise through an inter or multidisciplinary approach;

Able to manage research and development that is beneficial to society and science, and able to gain national and international recognition.

## DECIDING

- FIRST : To implement the 2021 Curriculum referring to the Indonesian National Qualification Framework (KKNI).
- SECOND : The 2021 Curriculum applies to students of the 2021 batch and subsequent batches.
- THIRD : The curriculum in question consists of 46 credits referring to the Indonesian National Qualification Framework (KKNI).
- FOURTH : This decision is effective from the 2021/2022 academic year with the provision that it can be changed if later there are things that allow this Decree to be reviewed.

# BASIS OF THINKING AND FOUNDATION FOR CURRICULUM DEVELOPMENT

The basis of thinking for the formation of the Master of Notary at the Graduate School of YARSI University (MKn YARSI University) is adjusted to the dynamics of law and scientific development as well as the need for notary specifications, so the material at each meeting will be updated annually. In addition, MKn YARSI University also follows changes in government regulations.

Regarding these changes, the government, through Presidential Regulation No. 8 of 2012 (Perpres No. 8 of 2012) issued the Indonesian National Qualification Framework (KKNI). KKNI refers to the Learning Outcomes of the Master of Notary Study Program which has been decided by the Cooperation Forum of the Master of Notary Study Program of Private Universities (FK PS MKn PTS) Indonesia and synergizes with the Indonesian Notary Association (INI), and has been adjusted to the National Standards of DIKTI and the Indonesian National Qualification Framework (KKNI) level 8.

KKNI, which consists of nine levels, has implications for the curriculum of higher education institutions. Every graduate of higher education institutions, including the Master of Management Study Program, must achieve a certain level of KKNI, namely level 8 for S2.

KKNI focuses on "the development and enhancement of specific work skills". Learning outcomes are abilities obtained through the internalization of knowledge, attitudes, skills, competencies, and the accumulation of work experience based on Presidential Regulation No. 8 of 2012.

## ASSESSMENT SYSTEM

The assessment system is carried out using the Benchmark Reference Assessment (PAP) system where the letters A, A-, B+, B, C+, C, D, and E are stated based on the following conversion:

Score	Grade	Quality Points
90-100	A	4.00
85-89	A-	3.75
80-84	AB	3.50
75-79	B+	3.25
70-74	B	3.00
65-69	B-	2.75
60-64	BC	2.50
55-59	C+	2.25
50-54	C	2.00
45-49	C-	1.75
40-44	CD	1.50
35-39	D+	1.25
30-34	D	1.00
0-29	E	0.00

If for some reason the student's success rate cannot be determined, they are given a T grade. At the latest, at the end of the following semester, the T must be replaced with a letter grade after completing the necessary evaluation data. If not, the student's grade will be calculated based on the existing assessment elements.

## PERFORMANCE INDEX

The student's success rate in one semester is expressed with the Semester Performance Index (IPS) and the Cumulative Performance Index (IPK). The IP calculation uses the following rules:

$$IP = \frac{\sum_{i=1}^m N_i K_i}{\sum_{i=1}^m K_i}$$

( $N_i$ ) is the conversion of the grade of the  $i$ -th course and ( $K_i$ ) is the number of credits of the  $i$ -th course. The summation is done for all graded courses. If there is a T grade, the course is not considered. IPS is calculated based on the total credits in the relevant semester, while IPK is calculated based on the total credits from the beginning to the last semester.

## FINAL PROGRAM ASSESSMENT

The graduation predicate is an academic award for the achievements obtained by a student during their studies in the Master of Notary Program at the Graduate School of YARSI University. The conditions are as follows:

Graduation Predicate	IPK	Conditions
Cum Laude (with honors)	3.75 – 4.00	Maximum study period of 2 years and a minimum grade of B+
Very Satisfactory	3.00 – 3.74	Maximum study period of 2 years without a C grade
Satisfactory	2.75 – 2.79	Without a D grade

## **ACADEMIC DEGREE**
